

Aloe Moisturizing Lotion

#063

Aloe Moisturizing Lotion

Silky smooth texture that locks in moisture.

Experience the advanced, deep moisturization that only pure, inner leaf aloe vera can provide. Forever's Aloe Moisturizing Lotion is made with hand-harvested, hand filleted aloe to moisturize, soothe and restore your skin.

Day in and day out our skin is exposed to weather, wind and pollution, all of which can take a toll on your skin. Aloe Moisturizing lotion is a powerhouse formula when it comes to replenishing lost moisture and restoring soft, supple skin.

The rich texture provides your skin a truly indulgent experience. Perfect for the body and hands, the addition of collagen and elastin work to keep skin smooth, soft and elastic while maintaining a natural pH balance.

Another benefit of Aloe Moisturizing Lotion is its outstanding humectant properties to preserve, maintain and lock in moisture. Natural ingredients like apricot kernel oil, jojoba and vitamin E work together condition skin for a radiant glow.

When your skin needs a little extra attention, Aloe Moisturizing Lotion has everything you need to restore and revitalize.

SKINCARE
