

# Alpha-E Factor®

#187

## Forever Alpha-E Factor®

Replenish your skin with ultimate moisturization.

Forever Alpha-E Factor® is a rich elixir that delivers powerful protection from free radicals while restoring moisture, supporting elasticity and helping to prevent premature signs of aging.

The antioxidant power of Forever Alpha-E Factor is fueled by anti-pollution powerhouse vitamin E, which pulls double duty by fighting free radicals while promoting soft and radiant skin. This nourishing formula delivers other antioxidants like vitamins A and retinyl palmitate to defend from free radicals and support aging gracefully.

Free radicals are responsible for 80% of skin damage and come from outside factors like pollution and UV rays. Alpha-E Factor®'s lightweight formula glides on easily, delivering advanced moisture and protection from free radicals, while vitamin C leads the charge against oxidative stress.

Dryness is one of the most irritating signs of skin distress caused by environmental factors. To hydrate dry or sensitive skin, borage oil provides some of the highest concentrations of essential fatty acids that act as natural enzyme remedies to restore moisture.

Give your skin the nourishment it needs to fight free radicals and support healthy, younger-looking skin. Just a little bit of Forever Alpha-E Factor® goes a long way toward promoting your most hydrated skin.

SKINCARE

### FAST FACTS

- Nourishes and restores hydration
- Robust combination of antioxidants and botanicals
- Great for all skin types

Gluten Free

Suitable for vegetarians
