

# ARGI+<sup>®</sup> Enhanced Formula L-Arginine & Vitamin Complex

#504

## ARGI+<sup>®</sup> Enhanced Formula L-Arginine & Vitamin Complex

**Convenient power pack of nutrition and performance.**

Forever's ARGI+<sup>®</sup> packs a lot more than delicious berry flavor into every packet. The primary ingredient, L-Arginine, is a powerful amino acid that helps the body create the "miracle molecule" nitric oxide.

When L-Arginine is converted into nitric oxide, it plays an important supporting role in cardiovascular health by supporting optimal circulation and inner blood vessel health by allowing oxygen, blood and nutrients to travel more efficiently throughout the body. The dilation of blood vessels created by nitric oxide not only promotes optimal circulation, but also plays an important role in cell division and healthy immune function.

ARGI+<sup>®</sup> takes the cardiovascular benefits even further by including key heart-promoting nutrients. Vitamin D is essential for immunity and skeletal health while B vitamins contribute energy production and metabolism. We also added grape skin and pomegranate for their strong antioxidant properties.

To put it simply, one packet of ARGI+<sup>®</sup> helps support circulation and cardiovascular health, immunity, athletic performance, muscle function, energy and more to power your routine and keep you performing at your absolute best.

Simply stir a packet into water to enjoy the lively berry flavors or add it to your favorite beverage. ARGI+<sup>®</sup> pairs deliciously with Forever Aloe Berry Nectar<sup>®</sup> or our 99.7% pure Forever Aloe Vera Gel<sup>®</sup>. Fuel your active lifestyle with ARGI+<sup>®</sup> and discover your potential.
