

infinite by Forever™ restoring crème

#558

infinite by Forever™ restoring crème The best of science and nature for younger, smoother skin.

infinite by Forever™ restoring crème absorbs fast and leaves skin feeling exceptionally smooth and moisturized thanks to over 15 skin conditioning ingredients. We've combined the best of science and nature to bring you an advanced, multifaceted anti-aging formula that feels light and smooth against your skin and absorbs fast without any greasy or heavy feeling.

Powerful botanical ingredients like acai and pomegranate provide antioxidant support while leaving skin feeling moisturized and smooth. The centipeda cunninghamii plant, native to Australia, works to enhance the many benefits of aloe. Together, these ingredients deliver proven results for soothing skin while vitamin B3 and beet root even out tone and texture to support a youthful complexion.

Ingredients such as squalane, jojoba esters, glycolipids and beeswax show significant moisturizing properties and help restoring crème sweep across your skin. An anti-aging essential oil blend of lavender, petitgrain, basil, eucalyptus, lime and orange-peel support aloe to replenish and rejuvenate parched skin.

To finish off this moisturizing powerhouse, we've added the latest chemistry to provide a new sugar structure that improves skin's water barrier and retention. As a finishing touch, infinite by Forever™ restoring crème seals in all of the powerful benefits to keep your skin nourished and younger looking.

SKINCARE

FAST FACTS

- Anti-aging formula supports younger looking skin
- Soothes and moisturizes
- Over 15 skin conditioning ingredients
- Gentle, sulfate free
